- B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of \$25,000 or convicted of such crimes in the past five years.
- C - All others

**Claiming Convictions Other Than Federal:**

It is permissible to claim a local (state, county or local) conviction if the FBI's investigation significantly contributed to the successful local prosecution. A succinct narrative setting forth the basis for claiming a local conviction must accompany this report. When claiming a conviction other than Federal, enter the word "LOCAL" in the "Conviction-Section" block, disregard the number of conviction counts, but enter the sentence in the appropriate blocks. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for all capital punishment sentences.

**Reporting Convictions:**

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

- 1. The subject becomes a fugitive after conviction but prior to sentencing.
- 2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

**Rule 20 Situations:**

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, not the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

**Investigative Assistance or Techniques (IA/Ts) Used:**

Since more than one IA/T could have contributed to the accomplishment, each IA/T must be rated.

The IA/T used must be rated each time an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

On February 17, 1984, agents and detectives of Joint Terrorist Task Force II NYO executed six Search Warrants at three separate locations. Among items seized were voluminous documents and records relating to the planned overthrow.

The NYO has requested that these documents and related information be reviewed for the purpose of preparing a comprehensive analysis and threat assessment on the PPC. It is for the purpose of assessing the work involved in the review of this material that travel be approved for

On December 15, 1983, a source of the Sacramento Division, whose reliability has not yet been determined, advised that he returned this past week from Cadre Training at Regional Office Headquarters of CALIFORNIA HOMEMAKER'S ASSOCIATION (CHA), which occurred in San Francisco, California. He advised that this is the West Coast Regional Office Headquarters. He knows that the location is somewhere within two blocks of Franklin and Hayes in San Francisco. Source advised that the address might be 1148 as when the phone would ring, they would answer "1148". He advised they also refer to this Regional Office as a safe-house because they do believe it to be unknown.

Set forth is a replica of a drawing furnished by source of this location.

He stated that Regional Headquarters is also known as COSHAD. He received an orientation for three days to become a viable cadre member. He advised that 40 cadre members are involved in the orientation and that these cadre members have access to Regional Headquarters.

PROVISIONAL PARTY OF COMMUNISTS

He advised that captioned organization's security is very tight and they watch members' activities closely.

[redacted] white male, [redacted] and is a full-time employee of CHA. [redacted] a white female, who is a viable cadre (VC); [redacted] white male VC; [redacted]

b6  
b7C

[redacted]  
whom she described as [redacted] One other individual identified was [redacted]

These were the individuals whom source remembered. It is noted that in pamphlet entitled, "National Labor College West, Program June 26, 1983," which source provided and is set forth herein, other names were listed.

Source said that on February 18, 1984, at 0600 hours, a revolution will occur in the United States, at which time captioned organization, known to source as CHA, and NATIONAL LABOR FEDERATION (NLF) will lead the revolution and take over the Government of the United States. He advised that this is on a need to know basis and individuals are only advised about information which pertains to them.

Source said that at Regional Headquarters, there is a sign which said at the top "COUNTDOWN" and lists the day count of when the revolution will take place, that is for example, "65 more days." He also provided the statement which is on the banner: "the leaders of power will also see the strength of U. S. in numbers." He stated that this revolution is to be set up like the Russian Revolution.

At Regional Headquarters, source said that there is a room for the politburo, a library with heavy amount of Marxism-Lenonism theory.

Source stated that he heard through cadre members that the organization does have a regular army and will use an armed insurrection to carry out the revolution. He stated that this is set out in the book "Essential Organizer", which he described as a book written by members on the east coast.

PROVISIONAL PARTY OF COMMUNISTS

Source said that organization is very security conscious and has special trash baskets for confidential information, which is then destroyed. He said that they have other trash baskets for regular trash. There is a traffic officer who answers the door and receives anything or anyone who comes to the Regional Office. According to source, there is a system of ringing the doorbell, whereby they know if it is a member or if it is someone else.

According to source, he said that the person who started NLF is RASTES HARRIS, also known as "POPS", who is now deceased as of October, 1983. He stated that he died at 70 years of age in San Francisco. He stated that the head of Sacramento CHA was [REDACTED] who has since gone to the National Headquarters, which source referred to as NOC.

b6  
b7C

Source advised that the organization was formed in Suffolk County, Long Island, New York. He is also familiar with EASTERN SERVICE WORKERS ASSOCIATION (ESWA) and EASTERN FARM WORKERS ASSOCIATION (EFA) and TEXAS FARM WORKERS ASSOCIATION (TFWA).

Source stated that there are two other safe-houses in San Francisco, or at least he said they are referred to as safe-houses. He said one is a law firm of [REDACTED] in San Francisco, California, and another is a doctor's office, which he could not further describe. He stated that they also have an art and design studio in San Francisco. There is another thing they are doing called JOINT VENTURE PROGRAM, which they have a goal for going to Chapter 11 bankruptcy.

b6  
b7C

Source advised he attended a NATIONAL LABOR COLLEGE at a church in San Francisco, which he described as not too far from the Franklin and Hayes Area. Source attended this NATIONAL LABOR COLLEGE on December 4, 1983, which is a Sunday, when these are always held. He advised that they are held approximately once each month. Source said about 30 people attended from Sacramento and that this occurred

PROVISIONAL PARTY OF COMMUNISTS

from 2 to 9 p.m. He advised that the location of the NATIONAL LABOR COLLEGE is always a church but is not known until it is time to depart and then only by top level members. He advised they go in a caravan and stop one time at a rest area near Vallejo, California. This NATIONAL LABOR COLLEGE consists of a series of classes concerning Marxist doctrine.

Source stated that there were five security guards stationed around the church during the time the NATIONAL LABOR COLLEGE was in session. He advised that these guards did not appear to be armed but were dressed in tan fatigues with black boots, black neckerchief and a beret, which he believes was black and was stuck in the epaulet on the shoulder. He said there was a large red banner hanging up during the time of the College. These guards were believed to be from Regional Headquarters.

Source stated that the level of advancement begins with a tabular volunteer (TV), then proceeds to viable volunteer (VV), next step is tabular cadre (TC), then viable cadre (VC), where regional training is necessary. He stated that the next step is field operations personnel (FOP).

Source advised he is familiar with the following cities having A CHA or otherwise affiliated organization:

Redding, California; Medford, Oregon (SEASONAL WORKERS ASSOCIATIONS); Santa Cruz, San Diego, Oakland, and Sacramento, California; Portland Oregon and a new office at Stockton, California.

Source advised that [redacted] cadre classes at the Sacramento location, which is 3500 Stockton Boulevard, Sacramento, California. He advised that [redacted] [redacted] principally at the Regional Headquarters. This consists of Marxist doctrine and theory. Also part of the indoctrination and study courses at CHA in Sacramento consists of weather disasters and responses to such disasters; directing activities towards the poor; and daily picket line in front of the SACRAMENTO COUNTY WELFARE DEPARTMENT.

PROVISIONAL PARTY OF COMMUNISTS

In addition to the main CHA headquarters of 3500 Stockton Boulevard, Sacramento, there is also a satellite office at 3714 Marysville Boulevard called the WORKERS COMMUNITY SERVICE CENTER. He advised both of these offices are manned 24 hours a day every day of the year. Upstairs at the 3500 Stockton Boulevard address is an area where some cadre sleep and live.

Source identified the following individuals as being current members of CHA at Sacramento:

On the same date that this information was being reported, source contacted FEDERAL BUREAU OF INVESTIGATION (FBI) Agent who was handling him and advised he had some additional information, which was obtained from source.

Therefore, the following items obtained from source on December 15, 1983, and December 19, 1983, are set forth and brief description of each is identified and is in order as indicated below:

Cadre Class: I Don't Think Russia Is A Socialist Country

It came as a response to a cadre's question - the class came from National.

The question is important.  
We expect to win-that's what makes us different from everyone else.  
There is no reason why professional revolutionaries cannot accomplish that goal.

Difference between socialism and captialism.  
Propaganda is pushing their side of story - not always completely true.

1st thing - are no innocent bystanders in a revolution.

People who remain undecided can make up the deciding difference.

Capitalists can buy the people they need - not to choose is to take the capitalist's side. You cannot choose your class - you are born into it.

Why fight for socialism? Because they see the effect of capitalism. People die before their time. It (capitalism) grew out of war and poverty.

United States is the highest point capitalism has reached.

People are fighting to survive in U.S.

Socialism came about because of capitalism, not visa-versa.

People seeing all the hell - look for something better.

No one is getting to the cause of the problems - only temporary solutions.

Most of wealth is owned by very few - that is what capitalism is all about.

All costs of production is directly related to labor. Sounds simple - but all is very important in understanding capitalism - cost and profit.

One who had most money, exerts most power.

Recession - factories close up, people lose jobs, have less money, are able to do even less, so more factories close up and more people lose jobs.

Gov't can't prevent recession - they want to ensure corporations make their profits. Whatever they do about recession - has to be consistent with what corporations need.

Gov't will go as far as it can before people will revolt. Then gov't will go in and put revolt down ie; welfare programs.

Revolution - vs - Rebellion

Revolution is successful permanent solution.  
Rebellion is strikes, etc. - only temporary solution.  
Example: bank robbers - rebellious.

Socialist countries represent over 1/3 of the world population - Russia, China, Cuba, Vietnam, etc.

INTERNATIONAL PROLETARIAT IS OPPRESSED  
LOOKING TOWARDS A WORLDWIDE REVOLUTION.  
U.S. IS THE CORNERSTONE.

#### DICTATORSHIP OF THE PROLETARIAT

Revolution comes about when a group of people have the intent to take power away from those that currently hold power, and institute different gov't politics and programs aimed at benefitting another class of people. Socialist Revolutions are brought about by Communist Parties. They differ from other parties that attempt to reform politics of existing economic systems in that they stand for revolution, and establishing the Dictatorship of the Proletariat, rather than the bourgeoisie. The bourgeoisie ceases to exist under Socialism.

The State, under direction of the Communist Party, begins to expropriate, or seize the industries that were formally owned by individuals. This takes years, although large corporations are seized quickly, so that the government represents the interests of the proletariat can immediately become the dominating force in industry.

#### GENERAL INFORMATION

Source learned of the following discussion and agreement with Mercy Hospital personnel.

C.H.A. made a gain in their medical benefits program. They used the Hill-Burton Law of 1946, as a way to put hospitals in a bad public light, and to make gains for their membership nationwide, and cadre.

Locally, they met with the Mercy Hospital Administration about one month ago. [redacted] is one of the 3 administrators. About 30 people were present at the mtg, - of the membership, which took place at the Mercy Del Paso Health clinic.

The goal of the mtg was to gain free medical care; inclusive of hospitalization, prescriptions, & miscellaneous medical supplies needed by members, and cadre. They achieved this goal.

1. CHA is not a union
2. They don't fall under U.S. Labor Laws
3. Call themselves at a local level an MBA - Mutual Benefits Association
4. Not gov't funded, nor funded by any large source. People make donations - largest on Sacramento level is \$100 so far as I have seen
5. No "non-profit" status
6. Have approximately 16,000 members in Sacramento alone
7. None of the so-called 10 benefits are very well developed
8. Members have say in decision making on a local level through WBC - Worker's Benefit Council
9. Ultimate decisions come from National
10. When a member is signed-on paper for 3 months-they can hold up the legal system that long and members technically expire
11. File of membership authorizations is in office
12. Have been to court several times (approx. 100) and never lost.
13. Tell members that goal is to "make changes for our members, so that they won't have to struggle every day to make ends meet."

A check with the Pennsylvania State Police (PSP) Barracks, Reading, PA. which has responsibility for furnishing police protection for District Township, Berks County revealed no information regarding any complaints or incidents in the Baldy Hill Road area within the past year or two involving shots being fired.

A drive past the property in question, [redacted] [redacted] postal address; which actually located outside the small town of Landis Store, indicates that there is a sign in front of the property which contains a picture of a large dog with the words "The Patch" on it. There is a No trespassing sign at a gate, which is a section of a telephone pole which precludes entrance into the roadway. A house is situated well back from the road at least 100 yards and can be seen when there is no foliage on the many trees in the area. The area in general is very secluded and houses are sometimes quite far apart. It would be much more difficult to see any sort of activities in the summer when there are leaves on the trees.

b6

It is believed that the [redacted] is affiliated with some sort of group which has ties with the Society of Friends.

Philadelphia indices contains no derogatory information on the [redacted] and no additional investigation is being conducted in this matter.

On February 10, 1984, a source of the Sacramento Federal Bureau of Investigation (FBI) Office, who has provided some reliable information previously, provided information that concerns captioned organization at Sacramento, California. It is noted that at Sacramento, the primary name of organization is CALIFORNIA HOMEMAKERS ASSOCIATION, and also, WESTERN SERVICE WORKERS ASSOCIATION.

On February 10, 1984, source advised as follows:

NATLEFED has secured loans in Suffolk County, New York, after a disaster hit.

Here in Sacramento, plans to purchase a building and start a medical co-op will put CHA's volunteer doctors in it.

Eventually to buy own community, members to run it, also learn to run hospital, etc. This will also be done through loans.

What do we understand a revolution to be? Why do we want one? What will it look like? One of the things that keeps working people divided is labor laws, non-working people are kept as scab labor to keep workers scared.

Two groups of people in production:

A. Own it all.

B. Working class - sell their labor, takes organization to get rid of division created by labor laws.

Unrecognized workers were not enough alone to make a revolution.

b6  
b7C

[redacted] started in Sacramento. NATLEFED reps unrec. workers.

To make revolution - need other stratas, professionals, etc.

Revolution actually started 11 years ago. It is just building day by day.

Education and coercion are what keep us the way we are. It's governments job and it's doing it well.

Slave-master relationship.

Dictatorship of Bourgeoise.

Small class owns means of production.

Large class sells labor.

Government steps in to protect ruling class.

That's why labor laws, cops breaking up strikes, etc.

PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

Just going for economic gains isn't enough.

1. Take it from someone else in working class.
2. They'd take it away anyway.

50s everyone had "American Dream."

70s changed, boys could go out of country and take advantage of cheap labor.

1972 Americans lost war in Nam. People didn't like Am. capitalists. Now it's harder to get cheap labor out of country. Comes from workfare, migrant laborers. CETA program in Detroit, did exactly them for 89 days. Then lay them off. Or 90th day, they are eligible for union membership and benes.

Very simple - actual act of taking our country.

"Communist Manifesto"

Communist definition

Someone who's fighting for the installation  
of the dictatorship of the proletariat.

Notes on class and Question

Economic situ - not rock bottom - but  
bad. What bougie does is artif. boost economy - usually  
a war. Creates jobs, exports greater - "we'll fight  
for our country."

How this class fits into organization.

Vietnam was not popular - because people were  
wising up to bougie's art economy boost. Bougie wasn't  
making money either.

73% of people hated war - Gallup poll.

Communist Manifesto

Measures in most advances countries.

1. Abolition of all property in land and  
application of all rents of land to public purposes.
2. A heavy progressive or graduated income  
tax.

PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

3. Abolition of all right of inheritance.
4. Confiscation of all property of all emigrants and rebels.
5. Centralization of credit in the hands of the state, by means of a national bank with state capital and an exclusive monopoly.
6. Centralization of the means of communications and transport in the hands of the state.
7. Extension of factories and instruments of production owned by the state; the bringing into cultivation of waste lands, and the improvement of soil generally in accordance with a common plan.
8. Equal obligation of all work. Establishment of industrial armies, especially for agriculture.
9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equable distribution of the population over the country. Free education for all children in public schools. Abolition of child factory labor in its present form. Combination of education with industrial production, etc.

Our job is to know how to respond to disasters and to know about them.

- Pt: 1 Has storm hit your area?
- 2 Wind speed?
  - 3 Flooding - what areas?
  - 4 Power out?

If entity doesn't know, they need to know and we do.

Order if don't know - get data - lu msg on service time by - 1900 today.

Order keep radio on news station non-stop during storm. Minimum program. This is geared entirely toward va participation - not all cadre - one cadre leading a team.

PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

Order any area hit by storm

A. Call sampling of members in low lying or previously hit area - W. Sac, Broderick.

B. For every benefit case via phoning in part a or phoned in - response at office - get on phone to ind. supporters who have not been responsive lately. Pitch aid for specific situ. Pitch food, blankets, cleaning, etc.

C. As vocs are needed in lg nos - canvass out to areas hit - respond to spec emerg. process at office call vocs B&E 1st ACD next, then anyone they can think of outline spec. situ - ask for help immed.

C. Drive down now.

D. Compiled data all benes filled today for massive merchant pro and fin phoning Monday. Pitch summarize benefits filled today. Summarize continued need i.e., unfilled benes, talk about triple hardship - storm damage holiday, low income. Pitch 500 - 100 donations, toys, turkeys, food, blankets, candles, kerosene lamps, donations of gas for vol emerg. crews, winter clothing. Has to be gotten across in land-line, don't drop everything use it to mobilize people, build for holidays. Some extra time on phone for cadre. Should be able to coordinate from master file.

Suggestion that it be posted number of vols on specific things roster of bazaar attendees be exten. Confirm calls to people on roster.

Groups of vocs doesn't near just org of bougie - also housemeeting vols, dinners, etc.

Use what we got to get more - leaf letters.

Explain - 1st confirm attendees

2nd day before 3rd wkg and day after what we're short on - plan accordingly - don't leave things uncovered.

National Directive

Are you dreaming of white X-mas.

Or are holiday bills bearing you in red?

Leaflet

Don't give direction on phone.

Plan is to buy farmer's crops with part of funds they are trying to raise - pay farmers to plant acreage that government pays farmers to leave idle.

Medical bldg's and apartments are also in the future.

Funds are called "SADIE MCELROY memorial fund."

Questionnaires are being used now on canvasses for "new economic plan" - questions are about food and medical insurance.

Talk is still going around about restraining order on FBI on east coast and about a civil rights case.

Some org called equal (W) justice assoc - that's where checks are made out to for a tax deduction on a donation of more than \$100.00 (EWJA).

Cadre class

"History of Internationals"

1786 (?) French revolution - fought on principal - property shared. America fought on same principal life, liberty and pursuit of happiness for rich, white male, property owners - talked a lot, but no real interest in communism.

French rev - opposite.

PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

Jacobins overthrew jureandean - 1st attempt @ socialism - organized people through secret societies - public organization called committee of \_\_\_\_\_. Group community organization drive - like CHA - pulled people who were interested in revolution. Society of equals - revolutionary party of jacobins. Dealt w/illegal aspects of revolution.

1789 (?) ROBES PIERRE went wild trying to undo all of aristocracy - changed everything navā concept that job of revolutionaries is to export revolution. Bourgeoisie overthrew him. No proletariat in France - reason why.

Problems:

1. No proletariat.
2. Revolution is weakest immediately after it takes place.
3. He didn't take the goods.
4. Lack of understanding.

Baboof made 2nd attempt - built secret society - cell structure - no one knew master plan - cops got a hold of it - failure.

MARX was commissioned by German workers educational society - evolved into communist party of the time. Wrote "communist manifesto" - all about what it took to win.

After the Paris commune - another attempt - wrote plan - people had to understand that socialism was inevitable, but not without a fight. Process is like birthing.

Important - this is how CHA runs.

You have to build an organization with two parts:

1. Revolutionaries - not secret - like others - should be clandestine - had to fight for internal control of proletariat over bourgie. Will use whatever means necessary to keep bourgie down. Conflict will still

PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

exist - fill leadership rolls over #2. (That represents CHA cadre.)

2. Organization of workers - have close ties - fight for economic demands of community broad spectrum of people - i.e. - canvass lists, etc. (That reps CHA volunteers, workers benefit council, benefit plans, etc.)

4th International exists now.

1st and 2nd and 3rd - failed.

Source also provided the following information questioning what captioned organization understands a revolution to be. (See above.)

A review of these notes seemed to be class type work to indoctrinate members of communist theory and practice.

On March 8, 1984, source provided the information on farmer's crops.

Source provided a copy of a cadre class entitled, "History of Internationals," which was being taught by [redacted] of Sacramento CHA. The source provided the notes concerning this class. Results of this class set out above.

Dear Friend :

February 8, 1984, marks the thirteenth anniversary of the formation of the movement of the People's Fedaiyan in Iran. It was initially a politico-military organization which waged armed struggle against the puppet regime of the Shah. Fedaiyan's struggle against the dictatorship was marked by courageous sacrifices and devotion to the ideals of the working people. They actively participated in every stage of the revolutionary process and the great people's uprising which resulted in the anti-imperialist and democratic revolution of February 1979.

The popular and revolutionary nature of the organization acquired a qualitatively higher level after the revolution. A close analysis of the lessons and experiences drawn from the people's revolution led to a monumental development in the organization's outlook. Previous theories and practices were criticized based on scientific socialism and a clear understanding of Marxism-Leninism, proletarian internationalism and the role of the vanguard was achieved.

Today the Organization of the Iranian People's Fedaiyan (Majority) is a vanguard contingent of the Iranian working class. It is an influential political organization which is struggling to raise the political consciousness of the workers and toilers, and to guide the popular forces toward unity in their fight against world imperialism led by U.S. imperialism and their indigenous reactionary allies and for peace, national independence, democracy and socialism. The O.I.P.F.(Majority) actively defended the revolution and relentlessly strived for the deepening and expansion of the working people's achievements.

The O.I.P.F.(Majority) views the unity of the communist movement in Iran as a historical necessity and a prerequisite for the final victory of the revolution. Due to the achievement of common ideological and political positions between the O.I.P.F.(Majority) and the Tudeh Party of Iran, the vital and valuable unity of the vanguard contingents of the Iranian working class is more reachable today than ever before.

Following the retreat of the leadership of the revolution from its previous positions and drastic change in the balance of power in the leading organs of the Islamic Republic in favor of the right-wing forces, the Iranian revolution is today facing a deep and dangerous crisis. Slander and attack against the Tudeh Party of Iran and the persecution of its leaders and thousands of its members and other patriots for the "crime" of defending the revolution illustrate the extent of the conspiracy unleashed by imperialism and reaction against the working people's organizations and their achievements. The O.I.P.F.(Majority) is calling on the working people to join the ranks of the most consistent defenders of their interests, the Organization of the Iranian People's Fedaiyan (Majority) and the Tudeh Party of Iran, and to organize and defend the revolution by their united might.

Without a doubt the present setback in the Iranian revolution will be overcome by the determined struggle of the working people and the working class led by its vanguard, as the most advanced contingent of the people, will lead this historical struggle to the final victory.

We would be glad to receive your message of solidarity with the Iranian working class and its vanguard, the Organization of the Iranian People's Fedaiyan (Majority), on this occasion of its founding anniversary.
